

# My name is Paula Rodriguez I am a Graphic Designer.

From 2017 to 2022 I worked at myWorld and its partner brands for **5 years.** MyWorld is global cashback rewards company with headquarters in Austria. **I've handled all the graphic design work for the Americas** (United States, Canada, Brazil, Colombia, Mexico) using the graphic design guidelines provided by HQ. This includes international campaigns, local campaigns, social media posts, videos, and any other requests.

Over the years I have also created many design projects for freelance clients that have reached out. Freelance projects have consisted of social media posts, print media, videos and logos.

**Currently I am working at Banyon Hill Publishing as their graphic designer.** A financial advice company based in Maryland. My role is to assist the graphic design team in creating html newsletters, logos, video thumbnails, banners, charts, and more.

# **Local and International Campaigns**

In myWorld, local campaigns are created based on the need of the country (ex 4th of July for US, Carnival for Brazil). International campaigns have all 5 countries participating.

I was provided translations for all countries participating and I apply to all the different formats. Formats usually include: Homepage banner (large web size, and mobile), Newsletter, facebook post and story, News Entry header and Icon.

Local Campaign:

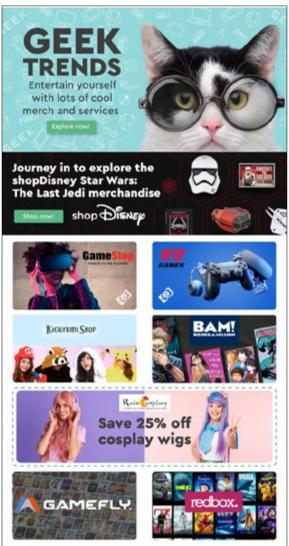

Homepage banner (large web size)

News Entry (Icon)

Newsletter

News Entry (header)

Facebook

Facebook (Carousel)

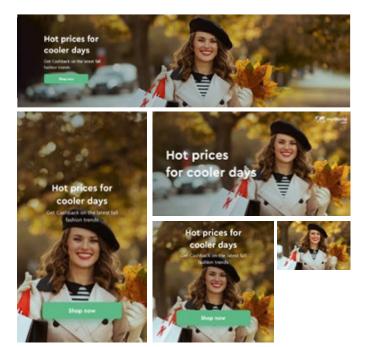

News Entry (Icons)

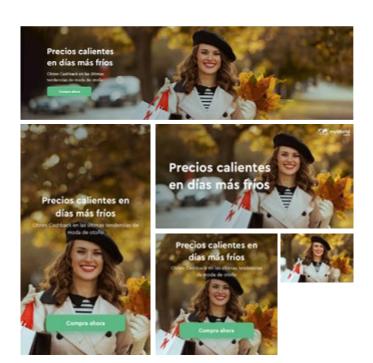

#### International Campaign:

US and Canada

French Canada

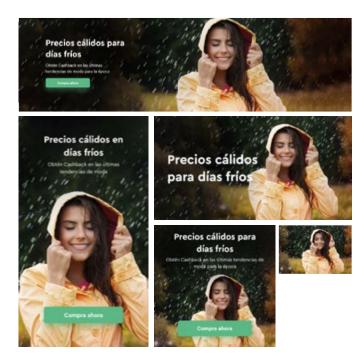

Novidades para a Primavera

Representation fundades

A Primavera

Brazil

Colombia

#### **Social Media Posts**

Keeping an active social media is important so we found ways to keep myWorld relevant. I created many social media posts (both image and video).

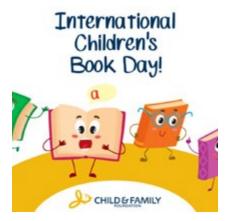

I also created video work for Cashback World and myWorld's two foundations Greenfinity and Child and Family. I did research on environmental and poverty topics and raised awareness with my videos. (Click below to follow the youtube video link)

# Logo

I designed a logo for a financial service that Banyan Hill provides to their customers. Below are the two final drafts.

# **Video Thumbnails**

I created eye catching thumbnails for The Banyan Edge videos posted on their website.

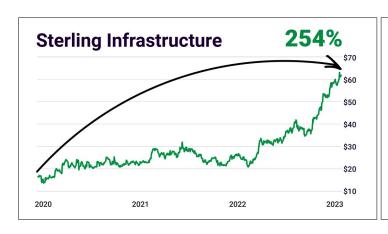

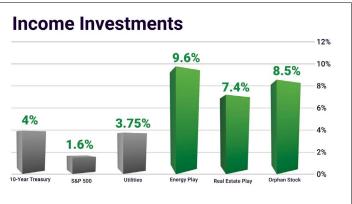

### **Charts**

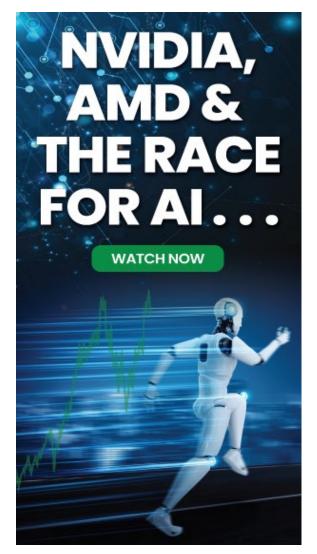

Banyan Hill asks graphics to create charts for their financial videos.

#### **Banners**

Miscellaneous banners created for the Banyan Hill website and newsletters.

#### **Freelance**

I created video invitations for two child birthday parties for Gabriela Lavarello. (Click below to follow the youtube video link)

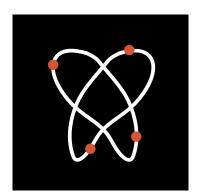

Fernanda Lluvia de Amor Invitation

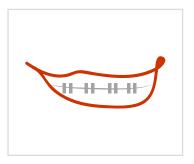

Fernanda Puppies Invitation

Below are logos I've created for different clients.

JXR Dental Offices, Tamarac FL

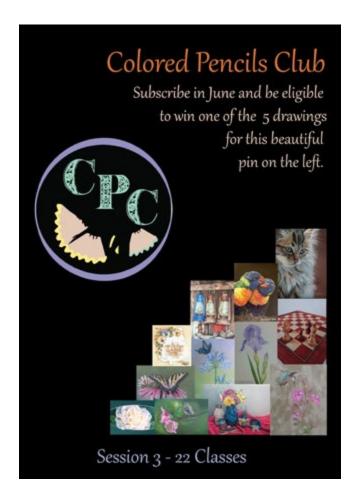

Advanced Orthodontics, Coral Springs FL

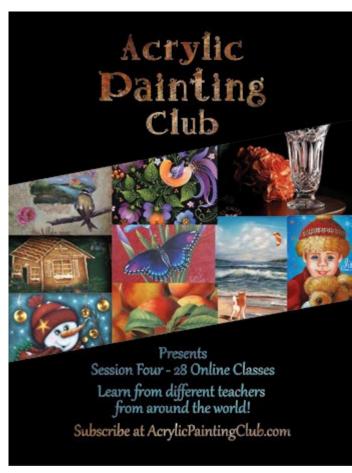

Below are logos and magazine ads created for Colored Pencils Club and Acrylic Painting Club, and Tolebrush

#### **Personal Work**

Project I created myself to further learn and practice graphic design.

I created "Quirky Cowfish" as a plush toy brand and created a kickstarter to fund. Unfortunately the project failed to fund, but I learned from the design process.
